I am interested in being appointed to the position of Public Safety Community Interest Representative. I am seeking this position because I am committed to the advancement of public safety issues in our community. I am currently engaged in this work as the public safety committee chairman for the GGPNC, and I would like to continue on with the work I am doing in this capacity as a member of the GGPNC Board.

I have no business or employment interests with the City of Los Angeles and its affiliates.

My basis for declaring a stake in the Greater Griffith Park Neighborhood Council is that I am a longtime resident within the GGPNC's borders.

My goals and objectives are far reaching and evolving. Some of my goals are as follows:

1. To get as many area residents certified through CERT training as possible.
2. To promote and help establish Neighborhood Watch programs.
3. To help educate businesses & the community re area crime and crime prevention.
4. To work with and along side other area public safety committees to develop an overall emergency preparedness plan.
5. To develop a complete Disaster Preparedness Plan for the Greater Griffith Park area.

My relevant experience/qualifications are: I am currently the Chairman for the Public Safety Committee for The Greater Griffith Park Neighborhood Council. In this capacity, I am working towards achieving all of the goals set forth above. As part of the work that I am doing, I regularly attend the Neighborhood Council meetings. I work well with others and am committed to the community. I regularly hold committee meetings and attend the Public Safety Committee meetings of Echo Park, Silver Lake and Atwater on a regular basis to further establish a strong relationship with our neighboring councils. I interact with our Senior Lead Officers, and am promoting CERT training. There is still much more work that I wish to do, and I would like to continue to do this work as a member of the GGPNC Board.

Sincerely,
