

My name is Riley Ray Robbins and am applying to be district rep district D. I live in the neighborhood. I shop at Vons and Trader joes. I rent a house by the Ettrick reservoir. I run by the Silverlake reservoir weekly, I take my girlfriend's niece and nephew to Griffith park often and I patronize a dozen of the restaurants every single month. I have friends here. I have regular places here. I LIVE here. Put plain? I love this neighborhood - Unreservedly, actively and completely - and that's the first time in many of my moves throughout the city of Los Angeles. I'd like to help out in a leadership role. I'm seeking the position to try to give more back to a neighborhood that I love. No more and no less. And I ask you to give it to me because I'm pretty sure I'd be great at the job.

I work in the TV industry in development and production in an executive role for my company. I feel that I can bring a great deal of management and critical thinking to a role here. In the short productions schedules we're a part of we often have to come up with ideas that are big enough to attract attention and at the same time produceable on a limited budget. I can only imagine that some of that might be useful in a role as district representative.

My only crossover interests with the city are that I'm good friends with a former spokesman for the Mayor's office and that occasionally we do productions that require working through the city's permits department for filming. I can't imagine either of those should be much of a stumbling block to my consideration. I look forward to your decision and, hopefully, to better serving my community.
